Referrals - Applicant 1 and 2 to answer below

UK Pension Transfers

Do you have a UK Pension that needs to be transferred home?

Yes, I'd like to chat

No, not right now

Asset Finance

Do you need funds for a new or used assets, including: Vehicles, plants, or equipment?

Yes, I'd like to chat

No, not right now

Currency Exchange

Are you wanting to buy or sell overseas dollars?

Yes, I'd like to chat

No, not right now

KiwiSaver

Do you need advice around which provider and fund is best for you?

Yes, I'd like to chat

No, not right now

APPENDIX 1

Loan Preferences

Fixed Rate

The interest rate is fixed for a specified term giving certainty of interest and repayments for that term.

Floating/Variable Rate

Interest charged and repayments can vary at any time and is likely to be affected when changes are made by the Reserve Bank to the Official Cash Rate.

Fixed and Floating/Variable Rate

It is possible to have part of a loan on a fixed rate and part on a floating/variable rate. This allows flexibility in relation to increased repayments, redraws, and lump sum repayments.

Principal and Interest (P&I)

Repayments cover loan principal and interest so that the loan is paid in full by the end of the loan term.

Interest only

Only Interest is paid during the term of the loan and the principal amount is paid at the end of the loan term.

Line of Credit

Also known as a Revolving Credit, this works like a large overdraft. Flexibility of revolving line of credit allows the borrower to draw to an approved limit from time to time with only an obligation to pay monthly interest and otherwise flexibility of repayment amounts.

Offset

Can reduce the amount of interest paid on the loan by using money from a savings account to “offset” the loan interest charge.

Redraw

Allows borrowers to access extra repayments that they made additional to the required minimum repayments.
